Go to bronsonhealth.com/Location for map

Bonnie Wesorick, RN, MSN, DPNAP, FAAN - is the Founder and Chairman Emeritus of the Elsevier Clinical Practice Model Resource Center and the Founder of the CPM International Consortium. For over three decades Bonnie has partnered with thousands of nurses and interdisciplinary practitioners to create the best places to give and receive care.

The legacy of today's nurse leaders will be the successful transformation of the healthcare system at the point of care. Most health care leaders and providers are masters of problem solving. However the major issues haunting healthcare care today are combinations of problems and polarities. When healthcare professionals are not clear about how to leverage polarities, time, money and energy are wasted.

Objectives:

1. **Delineate the basic principles of Polarity Thinking**
2. **Apply Polarity thinking concepts to personal and organizational dynamics..**

Nursing CE available for this program.

Registration Procedure: **Pre-registration with payment in advance required: Postmark** RSVP below with check to "The Forum-RCC" by September 27, 2014. Late registration possible but meal availability cannot be assured. Direct questions to Bill Reed 269-329-0882 or rccswmi@gmail.com
